**OFFICE OF LEGISLATIVE COUNSEL**

**Wednesday - 10 June 1964**

1. (Unclassified - GLC) John Clarke, D/B/PAM, called and said that he understood there was in existence in the Congress a continuing resolution authorizing certain expenditures of funds by the various departments and agencies pending enactment of the appropriation measures for those organizations. It was Clarke's understanding that included in this resolution was a provision establishing a freeze on all Government employment during the period of the effectiveness of this resolution. I advised Mr. Clarke I was not aware of such a resolution but would look into the matter. A talk with Bob Michaels, House Appropriations Committee staff, resulted in his indicating there was no such resolution at this time, however, the Bureau of the Budget was, as he understood it, preparing a request for such a resolution at the present time. Michaels said the first he had heard of the specific personnel aspect of this was my call. However, the Bureau of the Budget might include such an item in its request. This information was relayed to Mr. Clarke.

2. (Internal Use Only - JGO) Agency representatives appeared in executive session before the Moss Information Subcommittee on use of the polygraph. Hearings will continue tomorrow and probably Friday. (See Memorandum For The Record for details.)
